

# Danger Zone

Lee Aaron

Just a kid, outta school  
Not many friends but he's nobody's fool  
No excitement, in his life  
He's always walkin' on the edge of a knife

Ya know his hunger's keen  
Gonna buy him a mean machine

(He...knows...)  
It could be suicide  
(Don't...care...)  
There's fire burning in his eyes

Finally, he know that's found  
The best set o'wheels in the whole damn town  
He couldn't wait just wants to feel  
The power an' the freedom behind the wheel

He put the pedal to the metal  
And he could hear the engine roar

(He...knows...)  
It could be suicide  
(Don't...care...)  
There's fire burning in his eyes..

(He's livin' in a danger zone)  
(He's livin' in a danger zone)  
(He's livin' in a danger zone)tonight-high-high-ight  
(He's livin' in a danger zone)  
(He's livin' in a danger zone)  
(He's livin' in a danger zone)tonight-high-high-ight  
Ohh...come on

He put the pedal to the metal  
And he could hear the engine roar

(He...knows...)  
It could be suicide  
(Don't...care...)  
There's fire burning in his eyes..

(He's livin' in a danger zone)  
(He's livin' in a danger zone)  
(He's livin' in a danger zone)tonight-high-high-ight  
(He's livin' in a danger zone)  
(He's livin' in a danger zone)  
(He's livin' in a danger zone)tonight-high-high-ight
