Gotta Thing For You

Standin' on the corner Dancin' in the rain I knew that you were trouble But I had ta know your name Oh I shoulda felt the warnin' I shoulda seen the signs Cuz by the light o' the mornin' I knew that you turned my water into wine

This love is twisted I couldn't resist it

I (still got a thing for you) I can't deny it, honey it's true I (still got a thing for you) I know it's wrong but I' Still got a thing for you yeah

Livin' in the fast lane Heart was on a thread Final destination Love over the edge Aw ya rocked me an' ya rolled me 'Til I had ta break away But I remember your touch, just a little too much Some things just never fade away

This love is twisted. I couldn't resist it

I (still got a thing for you)
I can't deny it, honey it's true
I (still got a thing for you)
I know it's wrong, but what can I do
I (still got a thing for you)
Don't call it love but I' still got a thing for you

Oh baby There's something about you I just can't put my finger on But I'd like to Don't get too close now Cuz you know-ho, what that does to me Hey, is that a gun in your pocket Or are you just happy ta see me

I (still gotta thing for you)
I can't deny it, honey it's true
I (still gotta thing for you)
I know it's wrong, but what can I do
I (still gotta thing for you)

My mama told me I (still got a thing for you) I (still got a thing for you) I can't deny it, honey it's true I (still got a thing for you) Oh ya send me don't ya know.
