

Hold Out

Lee Aaron

Don't talk because I won't be heard
Up here no one will come to find me
Lost in a void of endless time an' space
There's no way out except to wait my destiny

(Hold out)
I've got a feelin' I'll survive
(Hold out)
Come out of this one still alive
As long as I can keep believin'

It's been so long since I set foot aground
While spinning lonely celebrate without a sound.
Oh. Lord what will become of me
Well I'm spinning off into a blank trajectory

(Hold out)
I've got a feelin' I'll survive
(Hold out)
Come out of this one still alive

(Lost and gone forever)
Wish I could find my way back home
(Lost and gone forever)
Drifting away, so cold and alone

Used to see the sun rise an' fall
Now only blackness that surrounds me all
My life support sustains 'til '93
Sometimes it feels like infinity

(Hold out)
I've got a feelin' I'll survive
(Hold out)
Come out of this one still alive
(Hold out)
I've got a feelin' I'll survive
(Hold out)
Come out of this one still alive
As long as I can keep believin'
