

# Took Your Heart Away

Lee Aaron

Oh.. here you come again  
Just like you did before  
A first helping it wasn' enough  
Now you're coming back for more  
I' seen ya use so many girls  
An' leave them all behind  
Your kind of lovin' I can't resist  
It's enough ta blow my mind  
You're like a panther ready ta pounce  
On your unsuspecting prey  
You got a surprise when you hit on me  
'Cause I took your heart away  
Oh.. here you come again  
Crushing little hearts with your smile  
I'm turning the tables this time around  
You'll get a taste of your own style  
Ya say you've never been in love before  
But ya finally found love with me  
I'll tease you an' I'll please you  
But I'll never set you free  
You're like a panther ready ta pounce  
On your unsuspecting prey  
You got a surprise when you hit on me  
'Cause I took your heart away  
Oh.. here you come again  
Just like you did before  
A first helping it wasn' enough  
Now you're coming back for more  
You're like a panther ready ta pounce  
On your unsuspecting prey  
You got a surprise when you hit on me  
'Cause I took your heart away  
I took your heart away  
I took your heart, took your heart  
Took your heart away...  
Whoa!
