

# Waterfall

Lee Aaron

Something is sleeping  
(Under this silence)  
Waiting to rise up, from the jaded sea  
Nothing was sacred  
(No words too violent)  
No virgin place remains inside this memory

But (in the dream)  
You carried me down, to the (waterfall...)  
(Washed me clean)  
And held me like a newborn, (child...)

Been livin' in an empty cage  
(Been smilin' through a twisted face)  
Every breath breathin' empty rage  
(Suffocatin')  
Didn't want ta get my fingers dirty  
(Yet I drink from a broken glass)  
Refugee of this black hole shelter  
(Chains me to the past)

(In the dream)  
You carried me down, to the (waterfall...)  
(Washed me clean)  
And held me like a newborn, (child....)  
(In your eyes)  
Renewing what had been denied (waterfall...) waterfall..  
(Sanctified)  
Desire without fear, is (alive...)

(In the dream)  
You carried me down, to the (waterfall...)  
(Washed me clean)  
And held me like a newborn, (child...)  
(In your eyes)  
Renewing what had been denied (waterfall...) waterfall..  
(Sanctified)  
Desire without fear, is (alive...)

(In the dream)  
You carried me down, to the (waterfall...)  
Ah-ah-ah-ah-ah-ah..  
(Washed me clean)  
And held me like a newborn, (child...)  
(In your eyes)  
Renewing what had been denied (waterfall...) waterfall
