There Is A God

Lee Ann Womack

Try and put your arms around the 100 year old tree Climb up on a horse and let it run full speed Take a look down at the world from 30,000 feet on your next flight Watch a flock of birds against the morning sun Close your eyes and listen to the river run Catch a firefly in your hand or a raindrop on your tongue That's right There is a God There is a God There is a God How much proof do you need? Plant a seed and see what comes out of the ground Find the heartbeat on your baby's ultrasound In a few years hear it laughing, and don't it sound like a song? Stop and think about what you don't understand Things like life and love and how the world began Hear the doctor say he can't explain it, but the cancer is gone There is a God There is a God There is a God How much proof do you need? Science says it's all just circumstance Like this whole worlds just an accident But if you want to shoot that theory down, Look around Just look around There is a God There is a God There is a God, How much proof do you need? Oh there is a God There is a God There is a God How much proof do you need?
