

## A Song About Love

Lee DeWyze

I used to make you cry,  
but I haven't smiled since you left.  
Can you undo 'Goodbye',  
its a word I wish I cud forget.  
U told me you love me and to try to move on.  
But its hard to get up when you fall,  
so I wrote a song about love but its nothing at all.

oh...oh....

It was you who took the blame,  
even though we both knew who was wrong.  
Yeah I'm calling out your name,  
every time I'm singing this song.  
Coz its over, yeah its over  
U told me you love me but its time to move on.  
its hard to get up when you fall,  
so I wrote a song about love but its nothing at all.

oh.....oh.....oh.....

Coz its over, yeah its over  
U told me you love me and to try to move on.  
its hard to get up when you fall,  
so I wrote a song about love  
and its sad cuz it won't be enough.  
so I wrote a song about love but its nothing at all.  
oh.....
