

Beautiful Like You

Lee DeWyze

Everybody wants to
Look into the mirror
And feel a little better now

And everybody wants to
Know there's someone out there
Waiting for you to come around

And I wish that
You could feel it
But you don't choose
To believe it
Cause I know that
You can't see it that way
That way

If you could only just stop stop stop running
If you could only take a second to breathe it in
Everything that you know would be beautiful
Like you
You know they're never gonna stop stop stop your love
Let's pretend that the world is waking up
Everything that we see is beautiful
Like you
Like you

Everybody wants to
Tell someone their secrets
Why don't you tell me now

Well, maybe I can fix this
Then I don't want
You to miss this
And the sun is
Raining down
Yeah

If you could only just stop stop stop running
If you could only take a second to breathe it in
Everything that you know would be beautiful
Like you
You know they're never gonna stop stop stop your love
Let's pretend that the world is waking up
Everything that we see is beautiful
Like you

Sometimes is hard to be
Yourself in this crazy world
Sometimes is hard to breathe
Yeah

Everybody wants to
Know there's someone out there
Waiting for you to come around
Come around

If you could only just stop stop stop running

If you could only take a second to breathe it in
Everything that you know would be beautiful
Like you
You know they're never gonna stop stop stop your love
Let's pretend that the world is waking up
Everything that we see can be beautiful
Like you

Can be beautiful
Like you
Can be beautiful
Like you

Oh, Beautiful
