

Carry Us Through

Lee DeWyze

Thru the darkness, see the light
Empty spaces wanan fill your mind
Oh they fill your mind
I'll be with you from the start
I will be your eyes, you'll be my heart
Oh, You'll be my heart

I'll carry you, I'll carry you
Oh I'll carry us through

I will hear your battle cry
Broken bones and weary eyes
Oh, your weary eyes
Falling fire from the sky
We will find a place to hide
We'll find a place to hide

I'll carry you, I'll carry you
Oh I'll carry us through

I'll carry you, I'll carry you
Oh I'll carry us through
