Closer

Lee DeWyze

Pick me out of a line
Nothing seems in time
I can feel it
I can feel it – getting closer

Help me find the truth
Only words can change
Far from the wreckage at last
I know I'd do it again

I can feel it
I can feel it – getting closer

Pick me out of a line
Nothing seems in time
I can feel it
I can feel it – getting closer
Getting closer
Getting closer
Getting closer
Getting closer
