

Got It Right

Lee DeWyze

I get the head rush
My heart beats faster than the speed of sound
And I'm a fast car
But you're the only one I'll keep around

Whoa-oh

Not like the other ones
The ones who only wanna take my crown
If this is just for fun
Let's stop wasting time and tell me now

Safe safe to say - we got it right
We got it right
Ga-giants play
So just play nice
We got it right

Hold on hold on
I think my heartbeats slowing down
We can run away
So fast I think we're flying now
So don't look down - don't look down

Safe safe to say - we got it right
We got it right
Ga-giants play
So just play nice
We got it right

I'll count to 10 you can run and hide
Whoa-oh oh
Run and hide
Safe safe to say we got it right
We got it right
Don't look down
Don't look down
Don't look down

Safe safe to say - we got it right
We got it right
Ga-giants play
So just play nice
We got it right

I'll count to 10 you can run and hide
Whoa-oh oh
Run and hide
Safe safe to say we got it right
We got it right
