

# Maybe I Might

Lee DeWyze

Baby, it's the way  
You act like there's no tomorrow every day  
And, baby, it feels right

I don't suppose  
You know I've been hiding out  
And no one knows  
But I thought you might  
And I know, I know I can see  
The awful side of you is the better side of me

Don't take it slow  
Cause I know, I know, I know where you'd like you to go  
Hnnnnnnnn  
But baby, baby, baby, don't you hesitate

See, I don't mind going fast  
Just as long as we can make it last  
We've fallen in the craze  
And we've both seen better days

How many times did we pretend  
We were coming to an end  
If we can start this over  
Then I'll be amazed

Yeah  
Don't take it slow  
Cause I know, I know, I know where you'd like you to go  
Hnnnnnnnn  
But baby, baby, baby, don't you hesitate

You see, it's the little things you do  
That make me sing do do do  
I've come to my conclusion  
And there's nothing left to prove

I feel it in my heart  
And I think that it's a start  
I've done all I can do  
And there's nothing left to do

Hey, hey, hey, take it slow  
Cause I know, I know, I know where you'd like you to go  
Yeah

Baby, baby, baby, don't you hesitate  
Hnn mnnnn, don't take it slow  
Cause I know, I know, I know where you'd like you to go  
Baby, baby, baby, don't you hesitate  
Baby, baby, baby, don't you hesitate
