

The Ride

Lee DeWyze

I won't break apart so easily
Maybe you would like to try
Well I know why you're waiting carefully
Thinking I will take my time

But you knew better than I
Somewhere buried under your lie

The way you broke
Did well and you see
The fun, it came
Adventure with me

And you-u-u-u-u-u knew better than
You-u-u-u-u-u

Hold on tight, the ride has just begun
If you care to come along
Relax, for you it's too much fun
The real life for me is wrong

But you knew better than I
Somewhere buried under your lie

The way you broke
Did well and you see
The fun, it came
Adventure with me

And you-u-u-u-u-u knew better than
You-u-u-u-u-u
