Climb the highest mountain  
Sail across the sea  
Take a look  
In your - little' black book  
You'll find that nobody loves you like me  
No, no, no, no - oh

Nobody loves you like me (No, no yeah)  
Nobody loves you (Nobody loves you like me)  
Nobody loves you like me  
Nobody loves you like me  
Nobody loves you (Nobody loves you like me)

Travel across the desert (yeah)  
Hundred and thirty degrees  
Guarantee - as hard as that may be  
You'll find that nobody loves you like me  
No, no, no, no, oh, oh
