Self Defense

Leeway

While the media hunts him
One man doesn't sleep
Finds harrassment for life
Mother sits there and weeps
They say the action's progress
Crime doesn't end
He might have been mugged before
But he'll never be mugged again!

Why must we lose what we earn
Because of someone else's greed
Is it fair to sew a hole in my side
Because someone else has a need?

The season's controversy, guilty or not guilty? Been another mark made another spawn of fear Some dude in Chicago has copped the same idea Self defense is innocence!

Now everyone with a gun is on a rampage Armed citizens are holy saints Deathwish killer, the six o'clock rage Now Bernie's even got his name up in paint
