

Baby It's Cold Outside

Leigh Nash

I really can't stay - but Baby it's cold outside I've got to go away - ah, Baby it's cold outside this evening has been - been hoping that you'd drop in so very nice - I'll hold your hands, they're just like as ice my mother will start to worry - beautiful, what's your hurry my father will be pacing the floor - listen to the fireplace roar so really I'd better scurry - oh beautiful, please don't hurry well maybe just one drink more - why do you Put some music on while I pour

the neighbors might think - oh, Baby, it's bad out there say, what's in this drink - there's No cabs to be had out there I wish I knew how - your eyes are like starlight now to break this spell - I'll take your hat, your hair looks swell I ought to say no, no, no, sir - mind if I move a little closer at least I'm gonna say that I tried - what's the sense in hurting my pride I really can't stay - oh Baby don't hold out ah Baby, it's cold outside

I simply must go - oh Baby, it's cold outside the answer is no - you know, it's cold outside this welcome has been - I'm lucky that you dropped in so nice and warm - look out the window at that storm my sister will be suspicious - oh, your lips look delicious my brother will be there at the door - like waves upon a tropical shore my maiden aunt's mind is vicious - uh, your lips are delicious well maybe just a half a drink more - never such a blizzard before

I've got to go home - oh, baby, you'll freeze out there say, lend me your coat - no, It's up to your knees out there you've really been grand - I'm feeling you touch my hand but don't you see - how can you do this thing to me there's bound to be talk tomorrow - making my life long sorrow at least there will be plenty implied - if you caught pneumonia and died I really can't stay - oh, get over that old out but it's cold outside
