To make the point IDve tried to make
For all my lifetime, give or take a year?

Against the threat of more community service.

And you would think that theydd catch on to us.

But still, a lot of things are problematical. There is an urge to wax fanatical, But we will not fall prey to radicalism. Well never mind, Dause hereDs another thing. You wonDt believe what weDre discovering, And you can see it through the hovering prism.
