Length Away

I'm miserable with you, I'm more miserable without you. I stay it's length away (3x). I miss you. (2x) You know that I miss you.

I spend more time missing you, Than kissing you. 'Cuz I'll stay, it's length away from you. I stay it's length away (3x). I miss you. (2x) You know that I miss you.

I stay it's length away (3x) From you. I'll stay it's length away (3x) From you.
