

## **BITCH (takes one to know one)**

**Lennon Stella**

Driving through the canyon  
You said it like a joke  
Everything gets blurry  
You don't even know  
How am I gonna compromise?  
I know you won't apologize  
You sent me down the river  
To see if I would float away

You know that it hurts when you laugh and I cry  
So tell me why, tell me why

You do the things you do, oh God  
You know what they say  
It takes a bitch to know a bitch (bitch)  
It takes a bitch to know a bitch (bitch)  
You're acting like you're innocent  
You know what they say  
It takes a bitch to know a bitch (bitch)  
It takes a bitch to know a bitch (bitch)

We walk into the party  
You're laughing with our friends  
You make it look so easy  
But I just can't pretend  
How can you act like everything's alright?  
I don't know how I'm gonna sleep tonight  
You make my mind so heavy  
Somebody take this weight away

How dare you go laughing at me when I'm crying  
So tell me why, tell me why

You do the things you do, oh God  
You know what they say  
It takes a bitch to know a bitch (bitch)  
It takes a bitch to know a bitch (bitch)  
You're acting like you're innocent  
You know what they say  
It takes a bitch to know a bitch (bitch)  
It takes a bitch to know a bitch (bitch)

You do the things you do, oh God  
You know what they say  
It takes a bitch to know a bitch (bitch)  
It takes a bitch to know a bitch (bitch)

I'm about to lose my my my mind  
You should hear the way you talk talk talk to me  
I'm about to lose my my my mind  
You should hear the way you talk talk talk to me  
So tell me why, tell me why

You do the things you do, oh God  
You know what they say  
It takes a bitch to know a bitch (bitch)  
It takes a bitch to know a bitch (bitch)

You're acting like you're innocent  
You know what they say  
It takes a bitch to know a bitch (bitch)  
It takes a bitch to know a bitch (bitch)

You do the things you do, oh God  
You know what they say  
It takes a bitch to know a bitch (bitch)  
It takes a bitch to know a bitch (bitch)  
You're acting like you're innocent  
You know what they say  
It takes a bitch to know a bitch (bitch)  
It takes a bitch to know a bitch (bitch)
