

# Pretty Boy

Lennon Stella

I wanna dive  
Deep underneath your depths  
But there's only so far that I get  
Past the surfaces  
Can't get past your surfaces

I wanna drive  
Through the forest inside of your head  
But there's only so far that I get  
Been tryna make you more  
More than just a pretty boy

Pretty boy  
Pretty boy  
More than just a pretty boy  
Pretty boy

New words  
Tell me something that I've never heard  
And this time would be the first  
That you'll be more  
More than just a pretty boy

Pretty boy  
Pretty boy  
More than just a pretty boy  
(Pretty boy)

Do you remember when you said  
If I saw your trouble I'd be scared?  
Well you're melting my heart  
'Cause you won't show me your cards yet  
Is that why  
You build Potemkin villages to hide?  
Oh do you think I can't handle  
What's going on inside?  
(Pretty boy)

Pretty boy  
Pretty boy  
More than just a pretty boy  
Pretty boy
