

# Crimson Underground

Lera Lynn

I'm headed South, I can feel it coming on  
That same dream of sad feeling something's wrong  
Your voice in my left ear  
Says there's no danger here  
And trust the feeling all the way back down  
Welcome to the crimson underground

Well I can see, it don't feel right  
Hanging on with all your might  
Let go of all control  
You're allowed to free your soul  
And trust, my love, lay that burden down  
Welcome to the crimson underground

I hear your voice, it's like a song for me  
You have no choice, for you belong to me  
Let darkness join together, you and I forever  
And go on and break the spirit down  
Welcome to the crimson underground  
Welcome to the crimson underground
