Up On The Roof

Les Claypool

The jones comes in late at night
It huts with a terrible bite
They don't come knockin' on my door
Or slink across the greasy floor

I'm up on the roof again Watchin' the sparklers dance and play Up on the roof again Please don't take my ladder away (3x)

The jones it likes to call my name Ain't got no one else for to blame It grabs me by the shorty hairs And drags me damn near everywhere

I'm up on the roof again
Watchin' the sparklers dance and play
Up on the roof again
Please don't take my ladder away

The jones it likes to call my name Ain't got no one else for to blame It grabs me by the shorty hairs And drags me damn near everywhere

I'm up on the roof again
Watchin' the sparklers dance and play
Up on the roof again
Please don't take my ladder away
