

Brothers & Sisters

Les Nubians

Brothers and sisters
Give thanks and praises to the Almighty

Un sang, un souffle, un son qui nous unit, ma s'tyou're
You are my friend for life
It's Jah love that binds us together
Le passe, les blessures, les soucis
Partages ne pesent plus rien
For in this life His love conquers all
And give us strength so

Brothers and sisters
Give thanks and praises to the Almighty

For He gave us life through the grace of love
So it's only right to send this praises up
And who else could it be but the Almighty
To help us through our adversity
For in this life His love conquers all
And give us strength so

Brothers and sisters
Give thanks and praises to the almighty

Mojo verse
Non pas de soucis, non pas d'ennemi
See'est dans la mÃame energie que nous releverons le defi

Libere ton esprit
Des maintenant souviens-toi
Qu'hier encore, nous etions reines et rois

Pour mes freres et s'urs
