

# I Can't Make It Without You

Lesley Gore

All day long I feel Llke cryin'  
Don't know what I'm livin' for  
Livin' just in satisfying  
You don't love me anymore

Yesterday, a smile was easy  
Now I'm with you the whole day through  
You're no longer here to please me  
You're in love with someone new  
And what can I do?

I can't make it without you baby  
I can't make it without your precious love  
I can't make it without you baby  
Oh no, no, no, no  
No, no, no

All the things that brought me pleasure

Bring me down and leave me cold  
Now there's nothing that I treasure  
I don't have your love to hold

What is there to hope and dream for?  
If cannot hope you care  
Where's the beauty in a sunset  
If I look and you're not there  
It's just isn't fair

I can't make it without you baby  
I can't make it without your precious love  
I can't make it without you baby  
Oh no, no, no, no  
No, no, no
