

# I Would

Lesley Gore

I would swim the coldest ocean  
I would walking burning sands  
I would crawl across the desert  
With my heart held in my hands

Though I promised I would wait for you  
When you sailed so far away  
Now I miss your tender kisses so much  
I would run to you today

I would climb the highest mountain  
And cross the skies above  
I would write in flaming letters  
You're my one and only love

Oh my darling if your arms  
Cry out plus they're cold and lonely too  
Let me prove that all I sang is true  
This what I'd do for you

Oh my darling if your arms  
Cry out plus they're cold and lonely too  
Let me prove that all I sang is true  
This what I'd do for you
