

Where Can I Go

Lesley Gore

Everyday goes on and on
Bringing nothing to do
I walk through dreams
Looking for schemes
That won't remind me of you

Help me please
Where can I be
Gotta find a place for me
I need an advice
Does anyone care?
I'm lost, I'm lonely, I'm scared

Where can I go
What can I do
Gotta wise up
And find someone new
Tryin' to lose the memory of you

Every night
I turn off the light
Wondering when it will end
I stay awake, what a mistake
The torture of hours I spend, yeah

Help me please
I'm so far gone
Life is too real for me to go on
Send me a smile
Does anyone care?
I'm lost, I'm lonely, I'm scared

Where can I go
What can I do
Gotta wise up
And find someone new
Tryin' to lose the memory of you

Where can I go
What can I do
Gotta wise up
And find someone new
Tryin' to lose the memory of you

Hey, Where can I go
What can I do
Gotta wise up
And find someone new
Tryin' to lose the memory of you
