

Melt Back

Leslie Clio

You said you'd come here
But you're of sight
Said you'd make it
But it's only lies

And I don't know
Oh I don't know why
But you always
Got me be surprise

You could come home
You could act like I
But you turn to
Something I despise

Said you promise
But you failed to shine
Got into another state of mind

And I dont know
Oh I dont know why
But it never
Causes no surprise
You could come home
You could act like I
But you turn to
Something I despise

Go melt back in the night babe
