

King of the Downside

Less Than Jake

I'll make or break
No matter what it takes
No treading on the same situation
I live wide awake
Repeat the same mistakes
Things falter and I lose motivation

But, whenever I feel like nothing will get me by
I won't give up and I don't know why
I can't turn off what I feel inside
Sometimes I'm the king of the downside

I'll brush it off
And learn to cut the loss
Not living with this misinformation
Give me a choice
I choose to use my voice
Speak softly but I carry my convictions

But, whenever it feel like nothing will get me by
I won't give up and I don't know why
I can't turn off what I feel inside
Sometimes I'm the king of the downside

You can't get through
You know you just can't break me down
If I stay true
You know you just can't break me down
You can't break me down

So, whenever it feel like nothing will get me by
I won't give up and I don't know why
I can't turn off what I feel inside
Sometimes I'm the king of the downside

You can't get through
You know you just can't break me down
If I stay true
You know you just can't break me down
You can't break me down

'Cause I'm the king of the downside
