

## Mad at U

Leven Kali

I'd rather be mad at you  
Than be faking and be hanging with someone new  
It's really not the same, I hope you feel the same, yeah  
Say, I'd rather be mad at you  
Than be faking and be hanging with someone new  
It's really not the same, I hope you feel the same

Uh, it feel like, yeah, this ain't even real life (Real life)  
This a movie, this a film, right?  
This a scene that I never like, no (Yeah)  
It would be nice if we could press rewind (Rewind)  
Fast forward to the me time  
We could use some you-and-me time

We, we been goin' through some bad times  
I mean you just see me in a bad light  
I think me and you should take some time  
One drink, suddenly it all doesn't matter

I'd rather be mad at you  
Than be faking and be hanging with someone new  
It's really not the same, I hope you feel the same, yeah  
Say, I'd rather be mad at you  
Than be faking and be hanging with someone new  
It's really not the same, I hope you feel the same

Hey, ooh, ooh  
Yeah, yeah  
We, we been goin' through some bad times  
I mean you just see me in a bad light (I mean)  
I think me and you should take some time (I think)  
One drink, suddenly it all doesn't matter (Oh)

Say, I'd rather be rolling weed with my queen, everything all right  
310, sunny, all my drinks on ice  
Always so funny how we think these fights  
Gon' tear us down, apart, we build it up again, now  
Never break you down, only break you off, I wanna see you swim

Said, I'd rather be mad at you  
Than be faking and be hanging with someone new  
It's really not the same, oh, I hope you feel the same, same way
