

## VIDA'S SONG (STILLNESS)

Leven Kali

Mmm Mmmm

Like sunshine in the morning sky  
The lightness of the rain  
I hear you whisper in my ear  
It's gonna be okay  
There's lightning in the words you speak  
I read while you play  
Cause I'm in no hurry  
You asked to stay

Then all in a moment  
You kissed me by surprise  
I didn't know it would blow my mind  
All of a sudden, from out of the blue  
My hands are trembling  
Your hands cover my heart  
In the stillness of being with you
