

Perseverance through this  
Rite of purgery  
Leaving your shit planet behind  
Coldest of hells  
Hatred of this world  
Hatred of this life  
The eyes of spectres  
Which call to me  
Infesting every moment  
Invincible insanity  
Unlife not meant for here  
Never ending the sound  
Rope creaking in mine night  
The eyes of spectres  
Which call to me  
Reflecting every  
Movement to die  
"Come with us  
You belong to us  
Kill yourself  
You deserve this."
