

# Ain't No Way To Forget You

Levon Helm

I try to be just like a stone statue  
But my eyes keep a-lookin' back at you  
And all I can see is you and me  
Makin' love, oh sweet love

Ain't no way to forget you  
Ain't no way to get you out of my mind  
Ain't no way to forget you  
Lord, we just can't let it die

Tonight I passed by a place on the street  
The house was jumping to a disco beat  
But the music didn't move me like it used to do  
Like it used to do

'Cause there ain't no way to forget you  
Ain't no way to get you out of my mind  
Ain't no way to forget you  
Lord, we just can't let it die  
And let it die

I've never had a woman to love me like you love me  
And when I dream, dream of all the ways you've touched me  
So tenderly

There ain't no way to forget you  
Ain't no way to get you out of my mind  
Ain't no way to forget you  
Lord, we just can't let it die

Because there ain't no way to forget you  
Ain't no way to get you out of my mind  
There ain't no way to forget you  
Lord, we just can't let it die
