

Let's Do It In Slow Motion

Levon Helm

I don't mind fast music when I'm dancing
Gettin' down out on the floor
But when it comes to romancing
I like to take my time and do it slow

I like to do it in slow motion
Let's do it in slow, slow motion
Slow and easy, that's the way to please you
Will you listen to your heartbeat

Ain't it good when you let it flow, babe
Sweet vibrations fill your soul
And ain't it a groove when we move together
Take your time, take it slow

Just do it in slow motion
Let's do it in slow, slow motion
Slow and easy, that's the way to please you
All the time, might do it in slow, slow and easy
That's the way to please you
Will you listen to your heartbeat

(Slow motion)
Let's do it slow motion
Let's do it in slow motion
Slow and easy, that's the way to please you
(Slow motion) All the time
Might do it in slow, slow and easy
That's the way to please you
(Slow motion) (Slow motion)
(Slow motion) (Slow motion)
