

## Broken Valley

### Life of Agony

You came to me with this  
and now I've been robbed  
I bit off my fingertips  
and why'd I even get involved  
gave all I had to give  
but that wasn't good enough  
but that wasn't good enough

lift yourself off that shelf  
you're not in this alone  
no matter how hard you fall

swallowed all your razor blades  
so you could do no harm  
accepted all the blame  
and tell me where did we go wrong?  
and tell me where did we go wrong

lift yourself off that shelf  
you're not in this alone  
no matter how hard  
you did your best and made this mess  
ignored it all alone  
this broken valley's a part of us all

lift yourself off that shelf  
you're not in this alone  
no matter how hard  
gave all I gave all I had to give
