## **Life of Agony**

Sea shells raise hell to the soles of my feet Why don't you open your minds to the sweet? I tripped and fell down...

Falling down deeper, down deeper within Love me and I'll love you so make love to me I tripped and fell down...

Falling down deeper, falling down deeper, deeper There's only one way to fall Life's an illusion, lost in seclusion Life can be groovy tasty to all

I tripped and fell down...
