

Had Enough

Lifehouse

Loneliness pacing up and down these hallways
Secondguessing every thought
Mystified, just spinning 'round in circles
Drowning in the silent screaming with nothing left to say

Everytime I reach for you, there's no one there to hold on to
Nothing left for me to miss, I'm letting go, letting go of this
Lost my mind thinking it through, the light inside has left me
too
Now I know what empty is, I've had enough, I've had enough of t
his.

I believe that love should be a reason
To give and get back in return (to give and get back in return)
I wanna breathe in a new beginning
With someone who will wrap her arms around what's left of me

Everytime I reach for you, there's no one there to hold onto
Nothing left for me to miss, I'm letting go, letting go of this
Lost my mind thinking it through, the light inside has left me
too
Now I know what empty is, I've had enough, I've had enough of t
his.

Inside I'm barely holding on
There's something that's already gone
Inside of me a world is in this all alone

Everytime I reach for you, there's no one there to hold on to
Nothing left for me to miss, I'm letting go of this
Lost my mind thinking it through, the light inside has left me
too
Now I know what empty is, I've had enough, I've had enough of t
his.

Everytime I reach for you, there's no one there to hold on to
Nothing left for me to miss, I'm letting go, letting go of this
Lost my mind thinking it through, the light inside has left me
too
Now I know what empty is, I've had enough, had enough of this
Oh whoa, oh, I've had enough, had enough of this
