You can be right  
And I'll be real  
Oh, and it still won't be a pain  
That you will have to feel  
Cause I don't need your approval  
To find my worth

I'm trapped inside of my own mind  
Afraid to open my eyes cause of what I'd find and I  
Don't wanna live like this anymore

There goes my pain  
There goes my chains  
Did you see them falling  
Because this feeling  
There has no meaning  
There goes the world  
Off of my shoulders  
There goes the world  
Off of my back  
There it goes

Does it scare you that I can  
Be something different than you  
Would it make you feel  
More comfortable if I wasn't  
Well you can't control me  
And you can't take away from me who I am

There goes my pain  
There goes my chains  
Did you see them falling  
Because this feeling  
There has no meaning  
There goes the world  
Off of my shoulders  
There goes the world  
Off of my back

You can't change me  
You can't break me

There goes the world  
Off of my shoulders  
There goes the world  
Off of my back

Have you ever felt  
Like your only comfort was your cage  
You're not alone  
I've felt the same as you

Have you ever felt like your secrets give you away  
You're not alone  
I've been there too

Cause everyone is looking

Everyone is laughing  
But I think everyone feels the same  
Everybody wants to feel okay  
Everybody wants to  
Everybody wants to feel

There goes my pain  
There goes my chains  
Did you see them falling  
Because this feeling  
There has no meaning

There goes the world  
Off of my shoulders  
There goes the world  
Off of my back

Cause I don't want it  
I don't want it

You can't change me  
You can't break me

There goes the world  
Off of my shoulders  
There goes the world  
Off of my back  
There it goes
