

Wash

Lifehouse

Never meant to waste your time
Never meant to fall out of line
I was trying to get closer to you
Now it seems with every step
It feels like I'm losing my breath
I don't know what else I can do

But you wash over me
You wash over me like rain
And you wash over me
You wash over me like sunshine

Oh I never had to choose
Living a life with you
Or chasing lies only half true
When our love would be
A world alone with you and me
Than hiding behind these walls

When you wash over me
You wash over me like rain
And you wash over me
You wash over me like sunshine

And you wash over me
You wash over me like rain
And you fall over me
You crawl over me like sunshine
Like sunshine

Everything in the world was falling through
All I knew was it led to you my sunshine
All my life never found my place
Until I felt the sunlight on my face, my sunshine

Never meant to waste your time
Never meant to fall out of line
I was trying to get closer to you
And now it seems with every step
It feels like I'm losing my breath
Oh I don't know what else I can do

But you wash over me
You wash over me like rain
And you wash over me
You wash over me like sunshine

And you wash over me
You wash over me like rain
When you fall into me
You crawl into me, like sunshine

Like sunshine
Like sunshine
Like sunshine
