

Never being scared to lose control.  
Never scared to break hearts.  
You'll be a constant reminder  
Why I choose to live my life this way.  
And I'll remember those days we felt so alive,  
Relying on so little,  
But holding on to what was pure in our minds.  
Time goes on,  
And as time goes on,  
Your body will break away.  
But your memory will help us live each day.

Stay, stay, just fucking stay.  
(Stay, stay, stay, stay, stay.)  
Stay, stay, just fucking stay.  
(Stay, stay, stay, stay, stay.)  
Stay, stay, just fucking stay.  
Just fucking stay.
