Niggaz like me I bounce back, it's alright  
Base for your face, two times, you don't see no actin  
All they do is rhyme words, such typical rappers  
That was divined by the struggle, Metro phones  
Got pictures of my partners that died  
People like me cried, the whirlwind came from drugs and guns  
We used to call 'em... uh, cocaine numb  
(Yeah, baseheads) Uh, niggaz killed at drive-by  
The AK-47 took them lil' kids' lives  
All these young niggaz, it's like a movie  
Puttin dots on your shirt, talkin 'bout Coogi

Records (Houser) like Afrika, we the (Jungle Brothers)  
This is for townships, backpackers and seasoned lovers of music  
Lil B's in love with the music  
So leave the brother to use it, lead the public to new shit  
See the, puppets ain't do it, you keepin up what they viewin  
You see the numbers they doin, refeedin us, the three of us  
Plus 9th, more than Kanye cuff dykes or cuff mics  
It's my nigga Phonte, Based God, dig-above type  
(C'mon) Above the boundaries of music, the counter-culture groove it's  
(Uh) the kind of combination got you puzzled, called cocoons  
We do what we like so hit the common section  
Do this for life, so what we got in (Common)? (Resurrection)  
I'm a tryna bring everything back  
... Everything

And that includes...

(Swag!) Remember times I was strugglin off my mindset  
Remember, the time will fly, like a caterpillar  
Graduate, I ain't even know that I shoulda  
Sometimes, and don't hate when you know I coulda (swag!)  
Now I'm 'bout to give back to the people  
More than ever, livin like now or never  
Seem times, people get distracted by the outside hate  
Life turn into appetizers (Eat 'em!)  
And I tell my niggaz, be a man of your word  
I be fakin'... bottom, fuck it, sleepin (Swag!)  
Watch your sleep 'cause...  
Them suckas will trick ya, thinkin about niggaz

The young lions gave me a kick start  
So here it is, pyramid schemin on y'all niggas like Quickstar/Quixtar  
The drug test flow got you pissed off  
So many say the game is contaminated, you niggas is animated  
Meaning you not real - fake nigga, you Pixar  
A short story, Toy Story 3, where the kids are  
Now we have liftoff, so I'm a just stay firin  
Phontigallo low, stay flyin  
Y'all wannabe niggas stay tryin  
But God is my God, don't be ashamed  
Swallow your pride just like a gay lion - ROAR!
