Came straight for the chips, nigga
I didn't- I didn't did everything, nigga I need it
Bitches all on me
Ice chain with the property
And they gon' look out for me
When I hit the streets
When I hit the shows
And toured you forty out the door
And my wrist is froze
Yeah, nigga from the B-town
Came straight from the body
Where niggas on the block selling that Whitney and Bobby
Niggas know I ain't playing
Came straight with that infrared surprise
Niggas act like I'm nice
'Til you get the fuck on you
Then I pull the AK
Thank God that my Mom made a soldier
Finna hit this lick, nigga, down in Magnolia

I can't sleep
Can't think about my past
Niggas, they try to try me
Separate his body
Make him origami in the hood with the Tommy
Thirty-round clip in the back of the Mozzy
Sittin'shotgun
Rolling seat with the driver
Fuck the driver
You can suck my fucking nuts, nigga
I've got enough money; I can pay for the pussy
Nigga, most girls treat me like I made the pussy
And I ain't made at them
Loading clips and revolvers
Waiting for my enemies
Waiting for them, nigga
All of them, nigga
Used to love Jordan, man
Summertime you would pull up in the hood

Cashing out to the Jordan, man
I'm top dollar
I'm top paid
Flatscreens, limousines and Hummers
Black man's thirty-shots with the rubbers
Chuck tape out, nigga
Looking like a plumber
Halloween, I was taking it off them
Got the money out the pocket, bitch
Driving in like early morning coffee
Wake up in the morning with the shit, nigga
What the fuck in the garbage
Put the life in the bag, nigga
Looking retarded, nigga

Red Flame, nigga
Coming in, nigga
