Have ten stolen cars, I beat that kind of shit  
Almost lost my life, I feel that kind of pain  
Went down to court and I ain't sayin no names

One thing they do know - they got beds in prison  
And they waitin for the niggas that's out there livin  
Better slow down man, and find yo mission  
Cause niggas get fucked in the worst position  
They be happy with 30, do 10, they quittin  
Do 5 hour house drug program living  
Lindsay Lohan don't know about my program  
Transfer you by a bus, shocker, you know you get me washed  
Why you lookin through the window? Barely seeing through  
Tryina wave at the car that's driving past you  
Lookin at the city man, this shit ain't pretty  
I'm just tryina dance like my nigga Diddy  
10 years ago niggas wasn't programmed with me  
Now every program got a program with me  
You in the game and you doin rap social 1-50

Wearin suckas man, you gotta watch your shit  
Sez niggas gon fake when the darkness hit  
A lot of people die just to talk and shit  
Spark the shit, you better spark the clip, you feel me?  
Niggas act weird with that awful shit  
Off this shit, takin off this shit  
All this shit, I'll ride on any sucka
