

# Realist Bitch Alive

Lil B

Man this the real shit  
This the only real motherfucker you want to hear on this man  
Like I said when I get on these beats they be done RIP

I don't stay schemin  
I stay with the demons  
Stay bringing hell  
There's gone be problems this season  
If you niggas don't pass it  
I don't want to play even  
Even though I got honor  
Honor don't stop drama  
So I'm strapped up  
Even put in my pajamas  
Take 'em up top and feed em to the piranhas  
You niggas all fake that's word to Obama  
... It's Lil B... (yes)  
But I give you niggas 20 shots  
They fuck with the basedgod  
They love me like 2Pac  
I'm from the hood so the roof drop  
I'm starving like Africans  
The gun that I tote you won't come back again  
Niggas love clothes that's why they stay on t-shirts  
I almost murdered last year the stress got my knees hurting  
I damn near got an ulcer from the closeup  
Back 'em like coke up  
Direct 'em like a chauffeur  
Put this on your tongue  
We gone hit the boss station  
Already took a case  
Alameda not playing  
If you choke your thug route  
Do your time and do whatever  
Like rehabilitation jail made me better  
Facing 36 made me feel like whatever  
When I bounce back from that ain't know one better  
It was a murderers, it was a rapist sitting beside me  
Had to step my life up cause jail wouldn't defy me  
Your a grown ass man why you on ankle monitor boy  
Man you think that shit cool, that's just too much drama  
And I keep the gun close like tools to a farmer  
Got my bulletproof vest bitch I stay with the armor  
And I don't give a fuck about karma  
You gone get dealt with  
Leave you dead in yo house  
And nobody even smell shit  
I fuck with them st killas  
That will leave you on yo back  
No jetskis nigga Lil B back  
And I'll hit you with the mack  
Leave yo ass flat
