

Robberversiary

Lil B

Today is robberversiary
It's our robberversiary
Do you know what today is?
It's our robberversiary
Our robberversiary

You know I couldn't leave you
Married to the mind frame
Came back a couple times
Grind again
Break 'em off slower
Pistol in the pea coat
Scraping, aw fuck that!
I stole a truck
Riding high and I'm blowing blunts
Niggas mad cause I'm counting money
And I'm off probation
Niggas mad cause I'm iced out; rollerskatin'
That's after rap
Before that I was broke and hatin'
Hitting houses and snorting mountains
Off lean mixed with Hennessey
My whole liver fucked off
Still I don't give a fuck and rushed off
Never went to class, always at the buss stop
Lil B nigga, always keep moving
Always keep the extra clip, nigga in the Ruger
Huh, can't take my past to the future
So I went today, July 10th, and robbed a Shooter's

Hear that baby? You know what today is
I remember the first day I robbed and we got married
Got married to the game and I never left

Today is robberversiary
It's our robberversiary
Do you know what today is?
It's our robberversiary
Our robberversiary

Today is robberversiary
It's our robberversiary
Do you know what today is?
It's our robberversiary
Our robberversiary

July 10th, 15. Got married to the game the first time
Hit my first lick. Married to the game ever since
But you know, I have to get divorced. You know what I mean?
But I'm just... gonna tell the game that, you know I've been married and um,
this our robberversiary

Today is robberversiary
It's our robberversiary
Do you know what today is?
It's our robberversiary
Our robberversiary
