(Yesssssss)

Lil B, yeah you know that based world shit
We stay locking, We to the top
On my life, we in the game, alright

Got a major pusher, but still I need to push up
When the dope kush up it look like kusha
But it don't burn that lock like Pusha
Got alot of problems I'm still not a puss, uh
Fuck them suckas that kill over nothing
I'm a die for me, I'm a live for peace
I'm a hold the streets when niggas got the beef
I'm educated, I'm a shoot for warning
I won't have my gun the same place as the dope
I'm a rap and slang dope, dope like my rap
Cocaine comrade, cocaine dope sack, fat bitch hold that
Cover my back, color me bad
Call your bitch, I need real fins
Just stick together, yes this forever
To all my real niggas you can fuck my bitch
Wolf pack nigga, We getting rich
Lil B, You feel me?

One time for the based boys, through it up, Based boys
Based Boys, Based Girls, What it do baby?

I was thinking about the guns I've rented
Hoes I fucked, money I lost, man I'm timid
Some people think my lifes a gimmick
Some people think my life is rented, God forgive them
But I won't, cause I ll rob and strip them
Might even call my mobs to them
Cause I'm a gangstas, got gangsta ties
Gangsta ties, suits and hats, ties and nines
You can even see the coupe was mines
No money? You wastin' my time
Niggas be wastin' my time
Won't debate this, state is mine
Court cases in line, in my hood...
Nigga, it be parties in court, hardly in court
I even parked the Harley in the court, Bitch
Cause that, I'm hardly in court
I don't even know the rules I spit on the floor
