

Goin' Thru' Some Thangs

Lil Boosie

Lil Boosie, ***, this me here, this gangsta
Been going thru ***, so much ***

I been going thru some thangs
And no nobody understand me, man, I wan' ride candy, man
I been going thru some thangs
Hopin' my *** stay the same but they always change
I been going thru some thangs

I been goin' through some ***, from my *** to my ***
And these *** wanna snitch
I wanna get rich but sometimes I don't believe
Tryin' to sell a hundred thousand but they burnin' my CD's

*** please, won't you get me help?
Get yo' ass off that computer and buy the *** up off the shelf
'Cuz I wanna ride candy, man, just like the others
Sometimes I wish I should've took the good route
Just like my brotha

This *** say they love ya but they steal just for ya dope
Call you a rat like that and try and steal ya ***
I still *** and these *** wanna rap about you
Know you a soldier but they still want bring
That savage out you to get exposed

And these *** they for the money
Tell ya old lady dirty lies but they know they frontin'
Check this out, in Baton Rouge, it's real wicked
And you can't go platinum down here 'cuz this ain't New York City

And all my cousins doin' time, thuggin' in the pen
I'm thinkin' 'bout 'em every time I take a sip of Henn
And I ain't gonna lie, I don't wanna be like Camouflage
I met him one week, the next week, he died, almost cried ***

I been going thru some thangs
And no nobody understand me, man, I wan' ride candy, man
I been going thru some thangs
Hopin' my *** stay the same but they always change

I been going thru some thangs
And no nobody understand me, man, I wan' ride candy, man
I been going thru some thangs
Hopin' my *** stay the same but they always change
I been going thru some thangs

They hatin' 'cuz I'm V.I.P., ride through my city
Wit my hat bent like T.I.P
I'm all G, they got a lotta *** signin' deals
But they can't talk what I be talkin' 'cuz I spit the real 'til I get killed
And these *** changin' like the weatha, think he yo' ***
But you lookin' at the *** Devil who want yo' bizzle

And that voice that he wish he had
Jealousy got *** creepin', down to bust yo' ***, we livin' fast
But you know this how it gotta be

Money, cars, clothes and *** 'til they pop at me

This for my *** down in Texas on them *** swingas
Who got the whole otha side of town wanna stank 'em
And Lil Boosie, man, I been stressin' 'cuz the *** I did
Not wearin' a *** got me stuck, now I'm wit three kids

This *** is real, wish I had a real friend to holla
They tend to laugh when I tell 'em 'bout my *** problems
But I be stackin' the bread, so mama straight when I'm gone
I been prayin' for Webbie 'cuz Webbie wild wit that ***

I been going thru some thangs
And no nobody understand me, man, I wan' ride candy, man
I been going thru some thangs
Hopin' my *** stay the same but they always change

I been going thru some thangs
And no nobody understand me, man, I wan' ride candy, man
I been going thru some thangs
Hopin' my *** stay the same but they always change
I been going thru some thangs

I'm sippin' gallons, tryin' to ease the pain
Hopin' my *** keep it gutta but they seem to change
They why I'm solo, blowin' dolo in a different city
Thinkin' these *** tryin' to do me but they rollin' wit me

My *** the sickest but she listen what the streets say
That got me stressin' 'cuz she might be leavin' any day
I tried to pray but when I holla, He ain't holla back
That's why I'm missin' prayers
Daily tryin' to get these stacks, why that?

But this situation that I'm in
The judge tryin' to send to the pen and give me 10 and do me in
Got me stressin' on some major ***
My momma agin' and my grandma and my baby sick

This hatin' *** got me one step away from clickin'
It's me against the world, even got all my people ***
I look my mama in the eyes, told her to respect the game
She like, ?Boosie, leave it alone, look at Craig Games?, damn

I been going thru some thangs
And no nobody understand me, man, I wan' ride candy, man
I been going thru some thangs
Hopin' my *** stay the same but they always change

I been going thru some thangs
And no nobody understand me, man, I wan' ride candy, man
I been going thru some thangs
Hopin' my *** stay the same but they always change
I been going thru some thangs

That's real life right there, man
You go through so much, you know what I'm sayin'?
*** be thinkin', a *** be ballin'
But a *** be strugglin' at the same time while they ballin'
You know what I'm sayin'?

And I been going thru some thangs
No nobody understand me, man

I been going thru some thangs
And no nobody understand me, man

I wan' ride candy, man
But no nobody understand me, man
I wan' ride candy, man
But no nobody understand me, man
