

Cinderella

Lil Cuete

I know life is hard, being with me
But I love you and you're the only girl for me
So listen...

[Verse 1:]

I want to be your foundation
And build us up to the sky
'Cause the type of love we have
No money can buy
You give me plenty of lights
To keep me out of the dark
So when I tell you I love you
It's coming straight from my heart
You give me everything I need
Do you give anymore
I would die for you
But you're the one I'm living for
You would make any man happy
And I'm glad it's me
So when I make you my wife
You know how happy we'll be
'Cause you're the best thing
That ever happened to me
'Cause I was meant for you
And you were meant for me
You're the only one
In my brown I see
And you're more beautiful
Than any girl can ever be
I place the one above you
'Cause the way that you love me
And when my world is crashing down
You make my rainy days sunny
I see everything I need
When I look in your eyes
So make me your promise and tell me
That you'll always be mine

[Chorus:]

You are my princess, my Cinderella
I would do most anything to make you smile on me
You are my home, you are my sun
I thank GOD you're the only one
My Princess, My Cinderella

[Verse 2:]

Just the little things you do
That make me love you so much
And I'm so into you
No one can separate us
I need your purty fac, little waist, baby there's no time to waste
I don't want no other girl
You couldn't be replaced
You're so valuable to me
Like a beautiful pearl
And you're the only girl
That I'll ever need in this world

I couldn't picture me without you
Like no water in the sea
Like no birds in no trees
You mean everything to me
When the rain is falling then, you're there I'm loving that day
When the rain is falling then, you're there I'm hating that day
And you don't ever have to doubt me
'Cause I'm always here for you
And I appreciate every little thing that you do
You got me doing things that I'd never thought I'd do
I'm living my life better now
And it's because of you
And I can never complain
Because you keep me satisfied
And I can never be without you
So please stay by my side

[Chorus:]

You are my princess, my Cinderella
I would do most anything to make you smile on me
You are my home, you are my sun
I thank GOD you're the only one
My Princess, My Cinderella
