

Everything I Like

Lil Cuete

Girl you got everything I like
Let me know if you wanna roll tonight
Wanna get a little dinner
Wanna know how you feel
When I say
I wanna rub your body
Know it's for real
Wanna kiss you
Wanna hug you
In the middle of the night
Wanna hear you
Tell me that you love me
When you hold me tight
Cause your the type of lady
That'll drive me crazy
Baby tell me if you wanna come roll with me
Girl you got everything I like
Let me know if you wanna roll tonight
Wanna get a little dinner
Wanna know how you feel
When I say
I wanna rub your body
Know it's for real
Wanna kiss you
Wanna hug you
In the middle of the night
Wanna hear you
Tell me that you love me
When you hold me tight
Cause your the type of lady
That'll drive me crazy
Baby tell me if you wanna come roll with me

Tell me baby where you wanna go
Promise we can take it nice and slow (so slow)
We can do it all night long
So right
Just the way you like
Nothing but candle lights
Lets get freaky
All night

Girl you got everything I like
Let me know if you wanna roll tonight
Wanna get a little dinner
Wanna know how you feel
When I say
I wanna rub your body
Know it's for real
Wanna kiss you
Wanna hug you
In the middle of the night
Wanna hear you
Tell me that you love me
When you hold me tight
Cause your the type of lady
That'll drive me crazy

Baby tell me if you wanna come roll with me
Girl you got everything I like
Let me know if you wanna roll tonight
Wanna get a little dinner
Wanna know how you feel
When I say
I wanna rub your body
Know it's for real
Wanna kiss you
Wanna hug you
In the middle of the night
Wanna hear you
Tell me that you love me
When you hold me tight
Cause your the type of lady
That'll drive me crazy
Baby tell me if you wanna come roll with me

Tell me baby
Where you wanna be
Promise I'll fulfill all your fantasies
I'll be hugging you
Loving you
Rubbing you
Til the moment
That I set you free
Girl I think you're my type
Everything about you
Just feels so right

Girl you got everything I like
Let me know if you wanna roll tonight
Wanna get a little dinner
Wanna know how you feel
When I say
I wanna rub your body
Know it's for real
Wanna kiss you
Wanna hug you
