

# Summertime Lovin

Lil Cuete

Ooh alright now  
Come on

Cuete's running in the midnight  
Cuete's running through the summertime  
He's hitting switches in the Chevrolet  
And damn he's lookin real real fine  
I love the way that he puts it down  
When all the other guys just mess around  
He's the only one I'm thinking of  
I just want some  
I just want some summertime loving

I know you wanna roll with me  
I wanna roll with you too  
Cause no matter what I do  
I'm always thinking of you  
You got me making up verses  
I'm tryna get it just right  
Tryna tell you  
That you got everything that I like  
I need you right here by my side  
To be my one and only  
If you were my lady  
I'd never would be lonely  
I'm the type of man  
To open doors before you walk through  
And I admit  
I love that smell of your perfume  
You get me all excited  
When you're right here next to me  
And if I gave you all my love  
Would you give all of yours to me?  
And when I first saw you  
I wanted you to be mine  
I can't explain the way I felt  
Baby girl you're so fine  
You're always on my mind  
I'm always thinking of you  
And its a trip  
On how much I'm really attracted to you  
And its true  
You're the only one I'm thinking of  
I just want some summertime love

Cuete's running in the midnight

I met alot of different girls  
But never one like you

You're looking real bad  
And you know you do too  
It makes me happy to know  
That you tell your friends about me  
I'll tell my friends & your friends  
You got everything I need  
When I kiss you it feels good  
When you love me it feels better  
If you stay by my side  
I can get through any weather  
And if you stop and think about it  
Its true what they say  
When love finds you  
You can't make it go away  
And everytime you leave girl  
I want you to stay  
And you would always be around me  
If I had it my way  
Come be the queen of my castle  
I'll place you up on a throne  
Cause I know you'll make my house  
Into a happy home  
You're exactly the type of girl  
That I been looking for  
You give me feelings  
That I can't ignore  
And its true  
You're the only one I'm thinking of  
I just want some summertime love

You can find me on the one way  
Hitting switches on a sunny day  
I've got the wheels all polished up  
And all the ladies wanna give it up  
We riding low in on the scene  
Lil Cuete with a gangsta lean  
Girl I'm on my way  
To swoop you up  
And take you away

Cuete's running in the midnight  
Cuete's running through the summertime  
He's hitting switches in the Chevrolet  
And damn he's lookin real real fine  
I love the way that he puts it down
