

# Guardian Angel

Lil Eddie

Roll with me  
Yeah yeah  
Roll with me  
Yeah yeah  
Roll with me  
Yeah yeah  
Roll with me  
Yeah yeah

Coldest summer under the covers  
Can't change the weather what a bummer  
Feels like it's raining all day  
Raining on me  
On me-ay-ay  
Sounds of thunder  
Feels like a drummer  
Banging on my headache  
This is scary  
Heart's beating like a cop chase  
Like I'm being chased  
I'm in a horror movie  
Cause you've been heavy on my mind baby  
Like a broken record on replay  
Going crazy cause I wanna see your face  
I wanna see your face, ba-by

I remember it like it was yesterday  
We were just rebels on the run  
Left me stranded searching for your love

Guardian angel  
I'll be oh  
Where can you be  
Please come back to me  
I need my guardian angel  
Ohh  
Why'd you go  
I won't be at peace till you come back to me  
Everybody needs a guardian angel  
Ohh guardian angel  
Ohh yeah

Nowadays I'm trippin'  
Everything's different  
My shadow's missing  
I'm in prison  
Bars keeping you and me away  
Locked up in a cage  
Like a tiger yeah  
Scratching the walls all out of rage  
I need a miracle come save me  
Going crazy in this lonely world  
It's a lonely world baby

I remember it like it was yesterday  
We were just rebels on the run  
Left me stranded searching for your love

Guardian angel  
I'll be oh  
Where can you be  
Please come back to me  
I need my guardian angel  
Ohh  
Why'd you go  
I won't be at peace till you come back to me  
Everybody needs a guardian angel  
Ohh guardian angel  
Ohh yeah

My hands are tied  
Can you hold me tonight  
If it was you I'd sacrifice  
I need you now to take the will  
Angels of the sky  
Can you hear my cry  
Don't touch yourself tonight  
Take the will guardian angel  
Ohh why'd you go  
I won't be in peace till you come back to me  
Everybody needs a...
